BENGAL LEGISLATIVE COUNCIL
DEPARTMENT.

NOTIFICATION.

No. 1992L.C.—23rd December 1941.—In pursuance of the provisions of rule 51 of the Bengal Legislative Council Procedure Rules, the following Bill which was introduced in the Bengal Legislative Council on the 19th December, 1941, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE ADVOCATES' ROBES BILL, 1941.

WHEREAS it is expedient to help in the creation of a unified Bar for the Province of Bengal and as a necessary step towards that end to prescribe a uniform robe for Advocates of the High Court, it is hereby enacted as follows :—

1. This Act shall be called the Advocates' Robes Act.

2. This Act shall come into operation in this whole of Bengal on the day on which it is published in the *Calcutta Gazette* and it shall apply to all Advocates enrolled as such in the High Court.

3. In this Act the words "High Court" shall mean the High Court of Judicature at Fort William in Bengal in its Original as well as Appellate Jurisdiction and the word "Advocates" shall have the same meaning and import as in the Indian Bar Council Act XXXVIII of 1926.

4. Within a period to be prescribed by the High Court not being more than three months from the date on which this Act comes into force the High Court shall prescribe one uniform robe for all Advocates appearing in Court without reference to any other robe such Advocates might be entitled to wear as a member of any learned body.

STATEMENT OF OBJECTS AND REASONS.

It appears that the question of robes for its Advocates has long been agitating the High Court at least since 1929.

While trying to dispose of the matter in the interests of uniformity the Court made rules which led not to uniformity but really to diversity. At present there are three classes of robes worn in the High Court—

(*i*) An Advocate's robe prescribed by the Court,

(*ii*) A Barrister's gown,

(*iii*) A blue gown prescribed by the Court in 1907 for Vakils.

Recently there have been instances where the Court has itself not followed its own rules.

The idea for a long time has been to have a self-contained Indian Bar. Uniformity in robes is a step towards that end.

This Bill is therefore introduced to secure that end.

NOTIFICATION.

No. 1994L.C.—23rd December, 1941.—In pursuance of the provisions of rule 51 of the Bengal Legislative Council Procedure Rules, the following Bill which was introduced in the Bengal Legislative Council on the 19th December, 1941, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE CODE OF CRIMINAL PROCEDURE (BENGAL AMENDMENT) BILL, 1941.

A

BILL

to amend the Code of Criminal Procedure, 1898, in its application to Bengal.

WHEREAS it is expedient to amend the Code of Criminal Procedure, 1898, in its application to Bengal, in the manner hereinafter appearing ;

It is hereby enacted as follows :—

1. This Act may be called the Code of Criminal Procedure (Bengal Amendment) Act, 1941.

2. In section 196 of the Code of Criminal Procedure, 1898, in its application to the Province of Bengal (hereinafter referred to as the said Code) after the word and figures "section 127", the words, figures and letter, "and section 171-F so far as it relates to the offence of personation" shall be inserted.

3. In Schedule II to the said Code—

(*a*) In the entry in the second column of the items relating to section 171-F the words "and personation" shall be omitted.

(*b*) After the said item so amended the following item shall be inserted, namely :—

Do.	Personation at an election.	May arrest without warrant.	do.	do.	do.	do.	do.

and

(*c*) in the entry in the third column of the item relating to section 171-G for the word "Ditto" the words "shall not arrest without warrant" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

With the enlargement of franchise false personation at elections to local bodies and Legislature has increased. It is necessary that the offence of personation should be taken out from the category of section 196 of Criminal Procedure Code and should be made a cognizable offence.

Factory smoke.

The Bengal Smoke Nuisances Commission commenced its activities in 1906 for the abatement of smoke emission within the areas controlled by the Calcutta and the Howrah Municipalities. The average emission

of black smoke recorded per chimney was at that time 13·1 minutes per hour; to-day it stands at ·09 minutes. Much of this success is due to the generous co-operation of the factory owners with the Commission. It is realised that smoke is coal and in its prevention lies a gilt-edged investment.

General control by the Commission.

The Commission which represents all the interests concerned in the abatement of smoke nuisance held 11 meetings in the year under review. It maintained contact, as in the past, with the various smoke departments, fuel, engineering and research institutions in Europe and America and kept abreast of the latest progress in the scientific use of fuel towards the abatement of industrial smoke.

During the year action was taken as under—

Offences reported for departmental action—3,372.

Offences reported by telephone for departmental action—774.

Inspections and tests of installation—4,197.

Statutory warnings served—16.

Prosecutions—41.

Convictions—35.

In addition to the above preventive action 1,082 steam ships and 450 locomotives were reported to the local marine and railway authorities for their usual departmental action which in all cases was readily undertaken.

Since the appointment of the two smoke observers in October 1938 the area under the control of the Commission including the river has been kept under constant observation. The Inspectors having thus been relieved of observation duty, were engaged in inspection duty and in imparting technical advice to the offenders.

The Inspectors met with difficulty in proving in Court the official records of smoke observation in prosecution cases and the Court Inspector had to be engaged to conduct contested cases. The maximum fine imposed for offences under the Act was Rs. 150 and the minimum Rs. 4.

Of the 41 prosecutions which were launched (Appendix II) one was acquitted and one was warned. Five cases had to be withdrawn because the requirements of the Act were complied with in the meantime.

It may be again stated that the policy of the Commission is to give advice and not to be unduly repressive.

Observation of smoke.

A constant watch is kept on smoke nuisance from the Central Smoke Observatory which is equipped with a telephone so that the owner or manager of an offensive chimney may be called up and the emission of smoke of prohibited density immediately brought to his notice. Observation of locomotives, steamers, launches, road-rollers and minor industrial plants are taken locally. The total number of observations made during the year was 8,749 against 10,053 of the previous year.

Plans for furnaces, flues and chimneys.

Well designed plants are necessary for smoke prevention and fuel economy and it is not only obligatory but convenient to consult the Commission whose wide experience is always at the disposal of the public. Smoke prevention must begin at the furnace and not at the chimney top. Properly proportioned furnaces, flues and chimneys increase the power of the plant and reduce the overload and fuel costs and, on the other hand, avoid trouble in complying with the requirements of the Smoke Nuisances Act.

During the year the Commission examined and approved 82 plans of which 54 were made in the office of the Commission, covering nearly all types of industrial furnaces. The number of plans approved by the Commission since 1916, when the Act was amended to govern construction of or alteration to plants, now totals 1,601. The low average emission of smoke per chimney (Appendix I) has been attained through this most important measure.

The total fees received during the year on account of plans, etc., are detailed below:—

	Rs.
For making plans	502
For approval of plans	743
For final inspection of chimney, etc., and grant of permission	1,213
Total ...	2,458

Complaints.

The Commission cannot with its small staff regularly keep in touch with every case of smoke nuisance within its controlled area of approximately 80 square miles. It has again been indebted to the public for bringing cases to its notice by means of complaints. During the year 83 complaints were received against 84 in the preceding year. The Commission once more assures the public that on receipt of a complaint prompt and careful enquiry is made. Relief is given wherever possible and the Commission endeavours to see that industry is not subjected to unreasonable demands.

Reduction of smoke by electricity and gas.

Electricity.

The application of electricity and gas to meet domestic requirements has an important bearing on the general comfort and the health of the public and it is pleasing to record that there is an increased demand by property owners for smokeless appliances as these contribute to the city's health.

Electric appliances both for commercial and domestic use should be encouraged as permanent remedies for atmospheric pollution.

The Calcutta Electric Supply Corporation state as follows:—

"During the year 1940 they have signed agreements for the supply of electricity to large works and mills in their licensed areas to a value of over 13,000 H. P. of which more than 8,800 H. P. is required to replace the existing steam turbines and steam engines. In addition to the foregoing there have been a number of smaller works and factories which adopted electrical drives in place of steam engines during the past year".

Gas.

The contribution made to the solution of the city's smoke problem by the Oriental Gas Company, Ltd., increases every year. They report a continued increase in the installation of cooking and water heating appliances for domestic purposes and they have fitted up several large blocks of flats with gas appliances during the year. They state that the demand for gas heated appliances during their last financial year (ending 30th June 1940) continued very satisfactorily.

During the period the number of appliances installed showed an increase of 1,024 nett.

Three hundred and eighteen cooking appliances comprising cookers, hot plates, grillers, ring burners were fitted for domestic, hotel and restaurant use.

Three hundred and twenty-nine water heating appliances (geysers, etc.), were installed.

They have also been very successful in the industrial field and the total number of industrial appliances fitted within the last year was 377 comprising muffle and oven furnaces, steam boilers, large ring burners, tinmans stoves, biscuit baking ovens, etc.

The value of gas as a smokeless fuel in a convenient form is readily appreciated by property owners and residents and, in many cases, gas appliances have been installed to take the place of coal "chulas" and solid fuel boilers.

Inspectorate.

During the year Mr. R. Grant, Chief Inspector and Secretary, was assisted by Mr. B. N. Mitter and Mr. B. Mukerjee, Inspectors of Smoke Nuisances.

Conclusion.

The Commission records its grateful thanks to the various smoke fuel and engineering research departments. Thanks are also due to those local owners, managers and engineers whose co-operation and valuable assistance have greatly helped the Commission, and to the technical staff for their energy and loyalty in carrying out the policy of the Commission.

R. GRANT,

Chief Inspector and Secretary.

DEPARTMENT OF AGRICULTURE, BENGAL

Dacca, the 19th December 1941.

First Forecast of the Spring Oilseed Crops of Bengal, 1941-42.

(*Note.*—On an average of the five years ending 1939-40, the area under linseed in Bengal has represented some 3·4 per cent. and that of rape and mustard 12·6 per cent. of the total area under these crops in India.)

Explanatory.—Three forecasts are issued for the Spring Oilseed Crops. The present one deals with the area sown and the condition of the crops.

Area sown.—Spring oilseeds are chiefly grown in the Presidency, Rajshahi and Dacca Divisions. In the other two divisions the cultivation is not so extensive. The total area under these crops (excepting *sesamum* for which separate forecasts are issued) is returned at 940,300 acres this year against 942,700 and 952,300 acres respectively in the corresponding and the final forecasts of last year.

Character of the season.—The weather at the outset was favourable for preparatory tillage and sowings which commenced generally in normal time; but the operations were somewhat delayed in places owing to heavy rainfall. Subsequent weather conditions were helpful for late sowings and favoured the growth of the crops. In some districts, however, heavy rainfall interfered with the growth to some extent. The present condition of the crops may be regarded as fair.

M. Carbery,

Director of Agriculture, Bengal.

DRAFT RULES.

Rules regulating the handling of explosives in the Port of Chittagong.

1. These rules are supplementary to the Explosives Rules, 1940 (hereinafter referred to as the principal Rules).

2. All inward-bound vessels carrying explosives in excess of the signals of distress are prohibited from proceeding above Gupta Khali creek, and the master of any vessel lying within the port above Gupta Khali creek, which shall have on board any explosives in contravention of these rules, shall be liable to a fine which may extend to a sum mentioned in rule 109 of the principal Rules.

3. Explosives of classes 1, 6 and 7, as laid down in Schedule I of the principal Rules, that is to say, gunpowder, ammunition and fireworks in excess of the quantity prescribed in rule 2, shall be deposited in a special boat to be supplied by the agents of the vessel and approved by the Deputy Conservator. This boat should be kept below Gupta Khali till the vessel sails.

4. Vessels bringing consignments of trade explosives shall be allowed to use an approved boat. The landing of such consignments shall be at the risk and expense of the consignees of the explosives, and no liability shall be accepted for damage sustained while in course of landing.

5. Explosives specified in Division 1, class 6, as laid down in Schedule I of the principal Rules, that is to say, safety cartridges, safety fuses for blasting, railway fog-signals, percussion caps, and, under certain conditions, fuses for shells and friction tubes for guns, brought as part of a general cargo, which have been placed on board the vessels while lying in dock at ports of shipment, may be brought into port and landed at the jetties by permission of the Port Commissioners.

6. Before entering the limits of the port, the master of every vessel having explosives on board shall make and sign a declaration in writing that to his knowledge and belief there is not on board any explosive exceeding the quantity prescribed in these rules.

7. Masters of vessels outward bound, who may require distress signals and ship's gunpowder for their outward voyage, shall not take such distress signals and gunpowder on board in any part of the river above Gupta Khali creek, with the exception of a quantity not exceeding that named and sanctioned in rule 2.

8. No smoking and no fire or light of any description, except the red lamp between sunset and sunrise, shall be permitted on board of any boat having explosives on board.

9. Masters of vessels having on board explosives belonging to the following classes, as laid down in the principal Rules must make their own arrangements for the discharge of the explosives:—

Class 2.—Nitrate-mixture.

Class 3.—Nitro-compound.

Class 4.—Chlorate-mixture.

Class 5.—Fulminate.

10. Explosives of the classes specified in rule 9 shall not be stored in the special boat mentioned in rule 3. They shall only be allowed to enter, and pass through, the port under the supervision of the Port Police and subject to such restrictions as may, from time to time, be ordered by the Collector of Customs and the Port Commissioners, in addition to the restrictions laid down in the principal Rules.

11. Boats containing explosives of the classes specified in rule 9 may anchor off the Gupta Khali creek, but shall in no case anchor above Gupta Khali creek, or be made fast at any part of the river bank or, alongside any vessel, stage, jetty or pier above Gupta Khali creek. Such boats, if allowed to come above this, shall proceed direct through the port to the place licensed by the Central Government for the landing and storage of the explosives.

12. Whilst any explosives remain on any vessel within Port limits, the following signals shall be displayed at the foremost head:—

By day:—Flag B from the International Code of Signals.

By night:—1 all round red light.

Murshidabad.—No. 39P.H.—6th January 1942.—Whereas the Governor is satisfied that the thana areas of Suty in the district of Murshidabad are threatened with an outbreak of cholera:

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (*1*) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Governor of Bengal is pleased to prescribe the following temporary regulations for the prevention and control of cholera, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, cholera in the said thana areas for a period of three months:—

Temporary regulations for the prevention and control of cholera.

2. Whenever any land is held jointly by two or more persons, whether as owners or occupiers of that land, such persons shall be held jointly and severally liable for carrying out any measure ordered in a notice under these regulations, and the names of any one or more of such joint-holders may be entered upon such notice at the discretion of the District Health Officer and the District Health Officer shall not be bound to enter the names of all the joint-holders in the notice.

Notices.

3. If in any case the District Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the District Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

Costs and compensation.

5. (*1*) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the Board except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the District Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the Board may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(*2*) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the District Health Officer.

8. (*1*) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the nearest Sanitary Inspector and by post to the District Health Officer and the cost of such messenger in each case shall be defrayed by the Board.

He shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12. The District Health Officer or a Sanitary Inspector may order that any person, who has in his opinion been exposed to infection from cholera, shall take such drugs in such quantities as may be specified by the District Health Officer or Sanitary Inspector or shall submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the District Health Officer or a Sanitary Inspector.

14. The Board shall provide free of charge suitable places, with necessary attendants, medicine, diet and other necessaries for persons isolated under regulation 11: Provided that a private individual may provide places certified by the District Health Officer as being fit for the purpose of such isolation.

XV of 1940. XI of 1922.

Amendment of section 4, Act XV of 1940.

2. In sub-section (*2*) of section 4 of the Excess Profits Tax Act, 1940 (hereinafter referred to as the said Act), for the words beginning with "and as if the excess of profits" and ending with "the whole chargeable accounting period" the following shall be substituted, namely:— XV of 1940.

"and as if the excess of profits of that separate chargeable accounting period were an apportioned part of the excess of profits arising in the whole period determined in accordance with the provisions of section 7A".

Amendment of section 5, Act XV of 1940.

3. In section 5 of the said Act, after the second proviso the following proviso shall be added, namely:—

"Provided further that this Act shall not apply to any business the whole of the profits of which accrue or arise in an Indian State; and where the profits of a part of a business accrue or arise in an Indian State, such part shall, for the purposes of this provision, be deemed to be a separate business the whole of the profits of which accrue or arise in an Indian State, and the other part of the business shall, for all the purposes of this Act, be deemed to be a separate business."

Insertion of new section 7A in Act XV of 1940.

4. After section 7 of the said Act the following section shall be inserted, namely:—

Special provision for chargeable accounting period falling partly before and partly after the end of March, 1941.

'7A. (*1*) In the case of a chargeable accounting period such as is referred to in sub-section (*2*) of section 4, the excess of profits of each of the separate chargeable accounting periods into which the whole chargeable period is deemed to be divided for the purposes of that sub-section, shall be determined in accordance with the provisions of sub-sections (*2*), (*3*) and (*4*), and in those sub-sections—

(*a*) references to the whole period, the first part of the period, and the second part of the period shall be construed, respectively, as references

(*b*) "excess profits" means the amount by which the profits for any period exceed the standard profits for that period.

(*2*) The profits or loss of, and the standard profits for, the whole period shall be computed first on the basis that rule 5A of the First Schedule and rule 2A of the Second Schedule do not apply to the period, and secondly on the basis that the said rules do apply to the period, and it shall then be ascertained, on each basis, whether there are excess profits or a deficiency of profits for the whole period, and, if so, what is the amount thereof.

(*4*) Any apportionment required to be made by sub-section (*3*) shall be made by reference to the number of months and fractions of months in each of the parts of the whole period.'

5. For section 10 of the said Act the following section shall be substituted, namely:—

"10. (*1*) In computing profits for the purposes of this Act no deduction shall be made in respect of any transaction or operation of any nature if and so far as it appears that the transaction or operation has artificially reduced or would artificially reduce the profits.

(*2*) If the Excess Profits Tax Officer is satisfied that any person has entered into or carried out any transaction or operation by which the profits have been or would be artificially reduced, he may, with the previous approval of the Inspecting Assistant Commissioner direct that such person shall pay, in addition to any excess profits tax for which he is or, but for such transaction or operation, would be liable, a penalty not exceeding the tax evaded or sought to be evaded."

Insertion of new section 10A in Act XV of 1940.

6. After section 10 of the said Act the following section shall be inserted, namely:—

Transactions designed to avoid or reduce liability to excess profits tax.

"10A. (*1*) Where the Excess Profits Tax Officer is of opinion that the main purpose for which any transaction or transactions was or were effected [whether before or after the passing of the Excess Profits Tax (Second Amendment) Act, 1941] was the avoidance or reduction of liability to excess profits tax, he may, with the previous approval of the Inspecting Assistant Commissioner, make such adjustments as respects liability to excess profits tax as he considers appropriate so as to counteract the avoidance or reduction of liability to excess profits tax which would otherwise be effected by the transaction or transactions.

(*2*) Without prejudice to the generality of the powers conferred by sub-section (*1*), the powers conferred thereby extend—

(*a*) to the charging with excess profits tax of persons who but for the adjustments would not be chargeable with any tax or would not be chargeable to the same extent;

(*b*) to the charging of a greater amount of tax than would be chargeable but for the adjustments.

(*3*) Any person aggrieved by a decision of the Excess Profits Tax Officer under this section may appeal in the prescribed time and manner to the Appellate Tribunal."

Amendment of section 26, Act XV of 1940.

7. In sub-section (*3*) of section 26 of the said Act, after clause (*c*) the following word and clause shall be inserted, namely:—

"or

(*d*) in the case of any business which includes the winning of any mineral (including mineral oil) the winning of which is of exceptional importance for the prosecution of the present war, an increase in the output of the mineral which was essential in the national interest and which has had the effect of shortening the period during which but for such increased wartime output the source of the mineral might have been expected to be exhausted;".

Amendment of Schedule I, Act XV of 1940.

8. In Schedule I to the said Act,—

(*a*) after rule 5 the following rule shall be inserted, namely:—

'5A. (*1*) In computing for any chargeable accounting period ending after the end of March, 1941, and in relation thereto for the standard period, if any, the profits of a business other than a business to which sub-rule (*2*) of rule 4 of this Schedule applies, or the profits of a part of a business other than a part of a business to which sub-rule (*2A*) of the said rule applies, no deduction shall be made in respect of interest on borrowed money or in respect of any other consideration given for the use of borrowed money:

Provided that, as respects any such chargeable accounting period which commences before the said end of March, the application of this rule shall be subject to the provisions of section 7A of this Act:

Provided further that this rule shall not apply to the computation of profits of any business for any chargeable accounting period the standard profits for which are ascertained by reference to the minimum amount specified in sub-section (*4*) of section 6 of this Act:

Provided further that where a direction has been given by a Board of Referees under sub-section (*3*) of section 6, or by the Central Board of Revenue under sub-section (*1*) of section 26 of this Act, that the standard profits shall be computed as if the profits during the standard period were such greater amount as it thinks just, such amount shall be increased by the amount of the interest on or other consideration for the borrowed money during the standard period.

(*2*) In this rule and in rule 2A of the Second Schedule "borrowed money" means borrowed money which, apart from the provisions of the said rule 2A, would have been deductible in computing capital.';

(*b*) after rule 11 the following rule shall be added, namely:—

"12. (*1*) In computing the profits of any chargeable accounting period no deduction shall be allowed in respect of expenses in excess of the amount which the Excess Profits Tax Officer considers reasonable and necessary having regard to the requirements of the business and, in the case of directors' fees or other payments for services, to the actual services rendered by the person concerned:

Provided that no disallowance under this rule shall be made by the Excess Profits Tax Officer unles he has obtained the prior authority of the Commissioner of Excess Profits Tax.

(*2*) Any person who is dissatisfied with the decision of the Excess Profits Tax Officer under this rule may appeal in the prescribed time and manner to the Appellate Tribunal."

Amendment of Schedule II, Act XV of 1940.

9. In Schedule II to the said Act,—

"2A. In computing for any chargeable accounting period ending after the end of March, 1941, and in relation thereto for the standard period, if any, the average capital of a business other than a business to which sub-rule (*2*) of rule 4 of the First Schedule applies, or the average capital of a part of a business other than a part of a business to which sub-rule (*2A*) of the said rule applies, no deduction shall be made in respect of borrowed money:

Provided that, as respects any such chargeable accounting period which commences before the said end of March, the application of this rule shall be subject to the provisions of section 7A of this Act:

Provided further that the same deduction shall be made in respect of accruing liabilities for interest as would have been made if this rule had not been enacted.";

(*b*) in rule 6, for the words "second proviso" the words "second or third proviso" shall be substituted.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 7th November 1941:—

L. A. BILL No. 35 OF 1941.

A Bill to make provision for the restoration of the Buddha Gaya Temple and its premises to Buddhists and for the better management of the same.

WHEREAS it is expedient to make provision for the restoration of the Buddha Gaya Temple to the Buddhists and for the better management of the same; It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Buddha Gaya Temple Act, 194 .

(*2*) It shall extend to the whole of British India.

(*3*) It shall come into force immediately.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "The Temple" means the Great Temple built by the side of the Maha Bodhi Tree near Buddha Gaya village in the Gaya District.

(*b*) "The Temple Land" means the land on which the Maha Bodhi Temple and its precincts stand.

(*c*) "The Mahanth" means the presiding priest for the time being of the Saivite Monastery at Buddha Gaya.

(*d*) "Committee" means the managing committee constituted under the provisions of this Act.

(*e*) "Court" means the Court of the District Judge of Gaya.

Management and control.

3. The Government of India shall immediately, on the passing of this Act, establish a Committee as hereinafter provided and entrust it with the management and control of the Temple Land, the Temple and the worship in it.

Constitution of Committee.

4. (*1*) The Committee shall consist of the Mahanth and nine representatives of the Buddhists of India, Burma and Ceylon to be nominated by the Governor General of India in consultation with the Governments of Burma and Ceylon.

(*2*) Any vacancy that occurs in the Committee shall be reported by the Committee to His Excellency the Governor General within three months from the date of its occurrence.

Rights of Hindus.

5. Notwithstanding anything contained in this Act or in the rules framed thereunder, Hindus of every sect shall have access to the Temple to worship the image of Lord Buddha and to the Temple Land to offer Pinda under the Bodhi Tree to the north of the Temple, provided that nothing in this section shall enable any person to slaughter goat or any other animal on the Temple Land for any purpose religious or otherwise.

Exemption of property.

6. Notwithstanding anything contained in this Act or in the rules framed thereunder, the Committee shall have no jurisdiction over the Zamindari or any other property attached to the Saivite Monastery at Buddha Gaya.

Statement of Accounts.

7. Within three months after the first day of January in every year the Committee shall prepare and furnish to the Court a full and true statement of accounts of all moneys received or expended by them on behalf of the Temple during the previous year:

Provided that the Court may, if it is satisfied that there is sufficient cause for so doing, extend the time allowed for the furnishing of any statement of accounts under this section.

Power to make rules.

8. (*1*) The Committee may, from time to time, make rules to carry into effect the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power such rules may provide for all or any of the following matters, namely:—

(*a*) the upkeep and repair of the Temple;
(*b*) the improvement of the Temple Land;
(*c*) the welfare and safety of the pilgrims;
(*d*) the safe custody of statements of accounts and other documents relating to the Temple or the Temple Land; and
(*e*) the maintenance of cordial relations between the Buddhist and the Hindu pilgrims.

Saving.

9. Nothing in this Act shall affect any other enactment for the time being in force in British India providing for the preservation of ancient monuments.

STATEMENT OF OBJECTS AND REASONS.

The Maha Bodhi Temple at Buddha Gaya is the most sacred shrine of the Buddhist world as it stands on the spot where Lord Buddha attained Supreme wisdom. It is to the Buddhist what Mecca is to the Muslim, Ajodhya to the Hindu and Jerusalem to the Christian. It is in the hands of a non-Buddhist, the Saivite Mahanth for Buddha Gaya. For many years past the Buddhists have been greatly dissatisfied with his management of the Temple and the Temple Land. They have expressed their strong desire to have them restored to their control. The desire is but natural and this Bill is intended to make provision for the better management of the Maha Bodhi Temple and the Temple Land and for their restoration to the Buddhists of India, Burma and Ceylon without prejudice to the right of Hindus to worship the image of Buddha in the Temple and to offer Pinda at the Bodhi Tree to the north of the Temple.
